**Is Liverpool child-friendly – tell us what you think!**
We want Liverpool to be a great place to live for everyone – and that includes young people!

Liverpool City Council is working towards becoming a UNICEF UK Child Friendly City and we would love to hear what you think about Liverpool.

What's great about living here? What would make living here better? Do you think people listen to what young people have to say?

Please share your thoughts and ideas in our short seven-question survey: www.smartsurvey.co.uk/s/childfriendlyliverpool2019/

We'll use what you tell us to decide on the most important issues that will improve Liverpool for young people,

And don't worry, we won't tell anyone else what you tell us. Also, we don't need to know your name or any other details about you – we just would love to hear what you think!

If you have questions you can email us: cfc@liverpool.gov.uk
