

Modern Foreign Language (French)

Key Stage 3 pupils at Clifford Holroyde will develop their knowledge, skills and understanding of the language, country and history of France. Pupils will discover modern monuments, iconic landmarks and France's unique geographical features. Our students will acquire the use of foreign language that can be used in everyday situations, including the initiating of conversation and appropriate responses. Pupils will be encouraged to consider experiences from other cultures whilst comparing it with their own views and beliefs.
