See Covid-19 virus infection and pregnancy (Royal College Of Obstetricians & Gynaecologists). Currently, there is no evidence to suggest that COVID-19 causes problems with the baby's development or causes miscarriage. 2.2 Risk to Baby

Covid-19 specific extended duty of care risk assessment considered and carried out where relevant for all staff and pupils meeting the following criteria:

- Vulnerable member of staff and/or pupil who has received a Government shielded letter. This requirement was finished 01 08 2020. However, 05 11 2020 the Government advised that Clinically Extremely Vulnerable people should not attend work and work from home if possible. See definition of CEV on the site below, section titled; [Definition of clinically extremely vulnerable groups](#). Note; persons in this group should have had a letter from their GP or Clinician stating that they have been placed on the 'shielding list.'
[Guidance on shielding and protecting people who are clinically extremely vulnerable from COVID-19 - GOV.UK \(www.gov.uk\)](#) last updated by UK Gov 26 11 2020
- Staff who have an extremely vulnerable household member. See advice above 26 11 2020
- Staff who live with a vulnerable person See advice above 26 11 2020

Formal process in place for manager/colleagues to contact the person if required, as detailed within applicable risk assessment above. Clifford Holroyde will use the LCC; Extended Duty of Care model risk assessment if required for this process (S.I. Full School Reopening Resources page 45). Cleaning of hands is encouraged when changing classrooms for different activities.</p> <p>All unnecessary items are removed from classrooms and teaching environments as much as possible.</p> <p>Classes are to take place in the same setting wherever possible to limit the numbers moving around the school.</p> <p>Classroom activities planned and structured; where possible and appropriate classes will be held outdoors.</p> <p>Physical Activities in Schools; <i>Schools have the flexibility to decide how physical education, sport and physical activity will be provided whilst following the measures in their system of controls. Pupils should be kept in consistent groups, sports equipment thoroughly cleaned between each use by different individual groups, and contact sports avoided.</i></p> <p><i>Outdoor sports should be prioritised where possible, and large indoor spaces used where it is not, maximising distancing between pupils and paying scrupulous attention to cleaning and hygiene.</i></p> <p>https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools#section-5-contingency-planning-for-outbreaks</p> <p>Music</p> <p><i>Schools should note that there may be an additional risk of infection in environments where you or others are singing, chanting, playing wind or brass instruments or shouting. This applies even if individuals are at a distance. Schools should consider how to reduce the risk, particularly when pupils are playing instruments or singing in small groups such as in music lessons by, for example, physical distancing and playing outside wherever possible, limiting group sizes to no more than 15, positioning pupils back-to-back or side-to-side, avoiding sharing of instruments, and ensuring good ventilation. The area should be isolated for 72 hours were possible (rooms, not common space e.g. corridor) • wear disposable or washing-up gloves and aprons for cleaning. These should be double-bagged, then stored securely for 72 hours then thrown away in the regular rubbish after cleaning is finished • using a disposable cloth, first clean hard surfaces with warm soapy water. Then disinfect these surfaces with the cleaning products you normally use. Pay particular attention to frequently touched areas and surfaces, such as bathrooms, grab-rails in corridors and stairwells and door handles. Clifford Holroyde will also used ‘red’ (toilet areas) and ‘blue’ (general areas) cloths. The cloths will be disinfected every evening after use. • if an area has been heavily contaminated, such as with visible bodily fluids, from a person with coronavirus (COVID-19), use protection for the eyes, mouth and nose, as well as wearing gloves and an apron • wash hands regularly with soap and water for 20 seconds, and after removing gloves, aprons and other protection used while cleaning 	<p>LOW Under current guidance for COVID-19</p>
