Dear Parent / Carer,

Your guide to attending the Liverpool City Region Skills Show on Tuesday 1 March 4:30pm – 7pm.

Do you know what choices are available to your child once they leave school or college and how can you support them make informed choices and find accurate and up-to-date information about careers, apprenticeships, training, courses and qualifications?

Were you aware that the Liverpool City Region Skills Show, funded by the European Social Fund and Strategic Investment Fund, brings all of this information together under one roof, and that you are invited to come along with your child for free on Tuesday 1 March 4:30pm – 7pm.

Encourage your child to:

- * Visit the different stands, talk to the exhibitors and try the activities
- * Find out what the various companies do, how they recruit staff and what they can offer
- * Think about what suits them, not what their friends are doing
- * Explore lots of different options, rather than just their ideal choice
- * Not be scared to talk to the exhibitors, they're all really friendly

After the event, take time to discuss what you found out and the options available. What exhibitors do you want to contact directly, and which open days do you want to attend? If your child was particularly interested in a certain company or organisation, encourage them to contact them, research online and follow their social media sites for further information. To find out more or to book online, register here - <https://www.eventbrite.co.uk/e/liverpool-city-region-skills-show-2022-family-individual-registration-registration-148317875759>

We hope you make the most of this fantastic opportunity.

Yours sincerely,

Lisa Pover
