

Clifford Holroyde Specialist SEN College

### **Pupil Premium information – Academic Year 2022 - 2023**

Pupil Premium is a Government grant aimed at supporting pupils on free school meals.

The Pupil Premium is allocated to children from low-income families who are currently known to be eligible for Free School Meals (FSM) in both mainstream and non-mainstream settings. This also includes pupils eligible for FSM at any point in the last six years (Ever6). The rate of funding is £1,035 per secondary aged pupil, and £2,530 for Children Looked After and Post LAC (adopted).

Schools are free to spend the Pupil Premium funding as they see fit, however, we are held accountable for how we have used the additional funding to support pupils from low-income families and are required to publish online information about how we have used the funding. This will ensure that parents and others are made fully aware of the attainment of pupils covered by the Premium and the extra support that they receive.

National data consistently reveals that pupils receiving free school meals, as a group, have lower attainment and make slower progress than pupils who do not receive free school meals. We are determined to change this and ensure pupils of all groups have similar attainment and progress and this Pupil Premium funding is targeted to support every student to help them overcome the personal barriers to learning and to enable them to make the best possible progress. We have an inclusive culture here at Clifford Holroyde and we aim to ensure the gap between disadvantaged children and their peers is closed.

The figures relate to pupils on Free School Meals and around 87% of pupils have entitlement at our school. In line with our inclusive ethos and owing to such large percentages of PP pupils – all pupils benefit from the PP funding. Nobody is excluded from accessing the benefits.
